

THE LITTLE POOL co.

INSTANT POOLS • TIMELESS STYLE

LUXURY ABOVE GROUND FIBERGLASS POOLS

FOUR POPULAR COLORS TO CHOOSE FROM

EXTERIOR FINISH OPTIONS

Fully or partially finish the exterior of your pool with aluminum composite panels.

AUSTRALIAN FIBERGLASS TECHNOLOGY

Made by world-renowned fiberglass pool manufacturer Compass Pools Australia and assembled in the U.S.A.

COMPOSITE EXOSKELETON

Allows for simple above-ground installation. No wood or steel is used in the structure of the pool so there is no need to worry about rot, termites or rust.

CAN BE INSTALLED UP TO 2FT INGROUND

Need your pool to sit a little lower? You can install your pool partially inground to match existing deck, patio or other slightly raised areas. Just make sure you have prepared your concrete base.

MINIMAL SITE PREPARATION

Our pools have been specifically engineered to suit almost every site with very little ground work required. All you need is a 6 inch thick steel re-enforced concrete base pad.

HIGH QUALITY FIBERGLASS INTERIOR

Unlike traditional above ground pools, The Little Pool Co. pools are designed to last a lifetime. No need to replace or reline the interior surface, just keep your water balanced (no concrete to maintain and no liners to replace).

PLUG AND PLAY

Your pool arrives pre-plumbed with required pump, filter and equipment, and is ready to fill and use. All you need to do is arrange a power connection.

SWIM ON THE DAY YOUR POOL ARRIVES!

Provided your concrete base has been established prior to delivery, your Little Pool Co. pool can be ready to swim in the day it arrives.

CHOOSE THE 'NUDE' OPTION IF YOU PLAN TO DECK AROUND YOUR POOL

*TIMBER SURROUNDS MAY VARY FROM PICTURED.

TRANSFORM YOUR BACKYARD

It's never been easier to transform your backyard into a personal oasis...

Click. Prepare. Swim. Yep, that's about as hard as it gets. At The Little Pool Co. we're big on making life simple. Which is why we've made it easier than ever before to own a great looking pool without breaking the bank.

With the help of one of Australia's leading pool manufacturers, and the brains of one of the industry's most respected engineers, we've managed to create the ultimate transportable instant fiberglass pool.

The unique non-corrosive composite exoskeleton means that unlike many other fiberglass pools, The Little Pool Co. series can be installed fully above ground. Perfect for smaller sites with limited excavation options.

Gone are the days where getting a swimming pool means having a major construction project in your own back yard. The Little Pool Co. makes it simple. Pick your favorite pool shape, choose your preferred color, select your ideal exterior color, then sit back and get ready to swim.

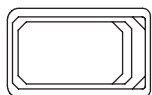

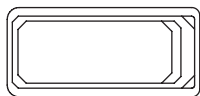

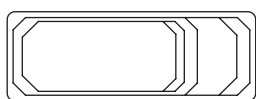

When your pool arrives you barely need to lift a finger. Depending on your local building codes, regulations, and fencing requirements, your pool can be ready to swim in the same day it arrives. All you need is a level concrete pad and a certified electrical connection, then simply fill your pool with water and jump in.

SWIM THE DAY YOUR POOL ARRIVES!

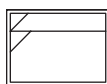

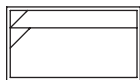

CHOOSE YOUR POOL MODEL

RELAX RANGE

MODEL	*INTERNAL (Inches)	*EXTERNAL (Inches) (Excluding edge board)	*POOL PAD SIZE (Inches)	*DRY WEIGHTS (lbs.)	*VOLUME (US Gal)
6.3 with beach	19'-9" x 6'-8" x 4'-5"	22' x 7'-8" x 4'-6"	22'-8" x 8'-4" x 5"	2,645	3,911
5.2	16'-5" x 6'-8" x 4'-5"	18'-11" x 7'-8" x 4'-6"	19'-7" x 8'-4" x 5"	2,425	3,661
4.0	12'-4" x 6'-8" x 4'-5"	14'-11" x 7'-8" x 4'-6"	15'-7" x 8'-4" x 5"	2,205	2,745

PLUNGE RANGE

MODEL	*INTERNAL (Inches)	*EXTERNAL (Inches) (Excluding edge board)	*POOL PAD SIZE (Inches)	*DRY WEIGHTS (lbs.)	*VOLUME (US Gal)
3.8	12' x 6'-4" x 3'-11"	14'-8" x 7'-2" x 4'	15'-4" x 7'-10" x 5"	1,984	2,270
2.8	8'-9" x 6'-4" x 3'-11"	11'-4" x 7'-2" x 4'	12' x 7'-10" x 5"	1,653	1,651

Standard package includes a pump, filter, LED light, skimmer box and basic pool maintenance kit.

*Measurements rounded up to closest inch. Please review engineering drawings for accurate dimensions.

*All External Length Measurements include 1'-33/4" Skimmer Extension for Top-Access Skimmer

*External measurement with fascia and edge board (Edge Board increases over-all L x 2" & W x 2")

*Pool pad size- Based on 4" exposed on all sides without Edge Board, 3" exposed if edge board is included

6.3 Relax with optional porthole upgrade. Windows are a special order feature.

CUSTOMIZE YOUR POOL

Put the final touches on your The Little Pool Co. pool to make it perfect for you. Choose from a range of optional upgrades including external steps, heating, lighting, and water management systems. If you have a unique request, simply call us to create a full custom option.

VARIABLE SPEED PUMPS

Save power with an energy efficient variable speed pump which allows you to draw only the amount of power you need at any given time.

MULTI-COLORED LED LIGHTS

Bring your pool to life with changeable multi-colored LED lights which will make night-time swims and pool parties much more fun and add a bright, impressive tone to your outdoor space.

AUTOMATIC SANITATION SYSTEMS

Even though you can manually dose your pool water with granular chlorine or liquid chlorine, The Little Pool Co. have some great automatic sanitation systems available, including salt, mineral, or hypoallergenic options.

HEATING OPTIONS

Swim all year round, extend your swimming season or just make your current swimming season that much more comfortable by adding an optional heat pump.

DECK/EXTERNAL STEP INTEGRATION

Will you be placing your pool level with an existing deck, new deck or having it as a stand alone feature? Whichever way, the exoskeleton allows you to attach directly to the pool, with external steps, whaling plates or balustrade.

SMARTPHONE CONTROLS

Control your pool from a distance by using your smartphone to check temperatures and turn pumps on and off – pool management has never been so easy!

PREPARING FOR YOUR POOL DELIVERY

IT'S NEVER BEEN EASIER TO TURN YOUR BACKYARD INTO A PERSONAL OASIS.

We have a growing number of full-service dealers across the country who will ensure a smooth delivery of your pool, as well as everything from a basic installation to a complete backyard renovation.

The Little Pool Co. work directly with builders, pool builders, and landscapers to help our customers achieve an incredible outcome with their Little Pool Co. pool.

Engineering requirements and permits are necessary to have your pool installed, which is why every Little Pool Co. pool must be installed by an appropriately qualified trades person.

If a Little Pool Co. dealer is not available in your area, we can engage with your local builder, pool builder, or structural landscaper to ensure successful completion of your own Little Pool Co. pool project.

Your local Little Pool Co. **FULL-SERVICE DEALER** is your best resource for picking out the perfect pool for your backyard and ensuring a seamless project, from initial consultation to your first swim!

DON'T WORRY,
we can provide
your builder all the
engineering and
information required
for a successful
project.
